Tate Stevens Voluntary Cleanup Program Section Land Restoration Program Maryland Department of the Environment 1800 Washington Blvd., Suite 625 Baltimore, Maryland 21230

Subject: Quarterly Status Report No. 30 - Offsite Area Former Kop-Flex Facility Site, Hanover, Maryland

Dear Tate:

On behalf of EMERSUB 16 LLC, a subsidiary of Emerson Electric Co. (Emerson), WSP USA Inc. (WSP) is submitting this quarterly status report describing the response action activities conducted in the First Quarter of 2024 in the off-property portion of the Former Kop-Flex Facility Site in Hanover, Maryland (Site). In addition to this electronic version, a hard copy of the status report is being submitted to the Maryland Department of Environment (MDE) under separate cover.

If you have any questions, please do not hesitate to contact me at 703-709-6500.

Kind regards,

Robert E. Johnson

Vice President - Earth & Environment

Rohat E. John

Encl.

QUARTERLY STATUS REPORT NO. 30 – OFFSITE AREA

FORMER KOP-FLEX FACILITY SITE

January 2024 Through March 2024

Site Name: Former Kop-Flex Facility
Site Address: 7555 Harmans Road

Hanover, Maryland 21076

Consultant: WSP USA Inc.

Address: 13530 Dulles Technology Drive, Suite 300

Herndon, Virginia 20171

Phone No.: (703) 709-6500

Project Coordinator: Eric Johnson, WSP USA **Alternate:** Lisa Kelly, WSP USA

1.0 OFFSITE ACTIVITIES CONDUCTED DURING JANUARY 2024 - MARCH 2024 REPORTING PERIOD

Pursuant to the schedule of activities approved by MDE, no groundwater monitoring or response action activities were conducted in the offsite area of the Former Kop-Flex Facility Site (Site) during the 1st Quarter of 2024.

In accordance with the approved Offsite Groundwater Monitoring Plan (dated September 15, 2015), long-term groundwater monitoring to assess the hydraulic head conditions (and inferred flow paths) and concentrations of site-related contaminants in the deep zone of the Lower Patapsco aquifer (LPA) and underlying Patuxent aquifer is currently being conducted on a semi-annual schedule at the Site. Given the date for the previous data collection activities, the next monitoring event for the offsite well network will be performed in the 2nd Quarter of 2024.

2.0 OFFSITE ACTIVITIES FOR THE NEXT REPORTING PERIOD (APRIL 2024 THROUGH JUNE 2024)

- Collect a round of water level measurements from the deep offsite monitoring wells in late May or early June 2024.
- Sample the offsite groundwater monitoring wells in the deep zone of the Lower Patapsco aquifer and underlying Patuxent aquifer in late May or early June 2024.
- Submit the 2023 Offsite Groundwater Monitoring Report to MDE and the U.S. Environmental Protection Agency (EPA), Region III.

3.0 KEY PERSONNEL/FACILITY CHANGES

There were no changes to either key project personnel or conditions relevant to the performance of the ongoing work in the offsite area.
